

Technology, We Make It Work For You™

## Fiber Makes It Possible...

### Lucky to live in the digital age

Never before has a rural community taken control of it's future as we have here in Central Washington.

As a result of **innovation and leadership**, we have access to world class education, medical procedures, managed networks, technology innovation and resources...all in abundant supply over our local PUD fiber networks.

Throughout the world, broadband fiber-optic access is a **key driver for economic development** in rural communities.

With fiber access, rural areas will not lose their young people to urban areas due to lack of **education** and employment opportunities.

### Services

- Broadband Internet
- Bundled Phone Service
- Interactive TV
- SMART Homes
- Telemedicine
- Advanced Learning Centers
- Technology Center Development (Like the CTC)
